Is there something of concern here; can we regroup if this remains an issue when Tom is back.

Hi, I understand that Charlotte wanted to control distribution to OPP & OGC, but I wanted you two to know that it was done already. We were told to hold-off further processing until we are told it can go to OP for publication processing. We have otherwise greased the skids so that this will fly through, maybe even getting scheduled for publication. Thanks for your flexibility and willingness to set up shop in the airport to sign it electronically between flights! WoW!

As requested, here is the PrePubCopy for your distribution. I am copying my folks, to help me if there is any follow-up.
